

Request for County Aid for Township Drainage Structure	Township	Saratoga
	Co. Aid Project	1002
	Structure #	062-4004
	Section	

The undersigned Commissioner of Highways of Saratoga Road District in Marshall County, Illinois, hereby petitions you for aid as provided for in Chapter 605, Section 5/5-501, of the Illinois Compiled Statutes, for an appropriation from the County Board Bridge Fund in the County Treasury, a sum sufficient to meet one-half the expense required on the condition that said Road District shall furnish the other one-half of the required amount.

The existing bridge, known as SN 062-4004, over Crow Creek on TR 16 (400E) is located in Section 2 and 3. It is in poor condition with a sufficiency rating of 44%.

The total cost of said work will be approximately \$444,000. Funding for the project will be \$280,000 from the Township Bridge Program (80% of the construction cost), \$82,000 from the County and \$82,000 from the Township (50/50 split of the local share).

I, Dennis Pyles, Commissioner of Highways for Saratoga Road District, further certify that the present structure is inadequate and that the proposed work is necessary, and that the estimated cost of the project is more than 0.02% of the equalized assessed valuation of the Township; and that they tax levy for road purposes in this Road District was, in each of the last two years, not less than the maximum allowable rate provided for in Chapter 605, Section 5/6-501 of the Illinois Compiled Statutes.

Dennis M Pyles

 Highway Commissioner

Approved by the County Board of Marshall County, Illinois at its regular meeting held in Lacon, Illinois on January 11, 2018.

Dale M Pyle

 Marshall County Clerk
