

RESOLUTION NO. #19-52

**Western Avenue Realignment Project  
BUILD Transportation Discretionary Grant**

**WHEREAS**, the Marshall County is committed to improving County Highway 6, Western Avenue, so as to complete this essential transportation route for Marshall County and the surrounding region;

**WHEREAS**, County Highway 6 is a vital link connecting areas to the west of the Illinois River to grain, chemical and fertilizer facilities, and other industries along the Illinois River;

**WHEREAS**, the existing County Highway 6 roadway is a winding, hilly roadway that is unsafe and inefficient for truck traffic;

**WHEREAS**, Marshall County has initiated design and environmental investigations at their own expense with the expectation that construction money will be forthcoming in the future;

**WHEREAS**, Successful receipt of a BUILD Transportation Discretionary Grant funding (\$4,804,800) will allow Marshall County to realign and reconstruct one of the most heavily traveled and critical pieces of infrastructure on the county highway system, and the reconstructed roadway will provide a safer, more efficient transportation link for freight trucks that will be viable for 20 years without additional investment.

**NOW, THEREFORE, BE IT RESOLVED** that the Marshall County Board commits to the following:

- Complete Phase I engineering and the Project Development Report by April 2020, estimated cost of \$50,000 (over \$100,000 expended to date);
- Purchase the required Right-of-Way prior to bid letting, estimated cost of \$250,000;
