Re: Proposed Extension of City of Lacon TIF District I

Dear Representative Leitch and Senator Weaver:

On December 23, 1993, the City of Lacon, Illinois, established its Tax Increment Financing District I pursuant to the Tax Increment Allocation Redevelopment Act (the "Act", 65 ILCS 5/11-74.4 et. seq.). Since its inception, tax increment financing within Lacon TIF District I has facilitated the completion of numerous public and private redevelopment projects. The private redevelopment which has occurred within TIF District I has added many new jobs and played a major role in attracting new residents and has helped to sustain enrollments in our Schools. However, because there are additional private development projects to be undertaken and many critically important public improvements which remain to be completed within this redevelopment area, the City now seeks to extend the life of the TIF District for an additional twelve (12) years beyond its current termination on December 31, 2016 payable through December 31, 2017.

Marshall County supports the City's request for the 12-year Extension of Lacon TIF District I and joins in asking for your help and support for securing the approval in the State Legislature. The City and our District share a common interest in stimulating economic development within the Lacon TIF District I Redevelopment Project Area. Please contact me with any questions you may have.

Respectfylly yours,

Gary R Kroeschen

cc:

Marshall County Board Chairman

Mr. Ronald Schoof, Mayor, City of Lacon

City of Lacon TIF 1 Extension for 12 Years

December 2016 through December 2023

City of Lacon would like to renew TIF 1 which will expire in December 2016. To be able to renew, state law requires a Bill to be passed in the Legislature and signed by the Governor. To help this process, we need a letter signed by all taxing districts within the City of Lacon not objecting to the renewal. All other taxing districts in Lacon have provided this letter.

City of Lacon is offering to surplus 37% of the TIF 1 income back to each of the taxing districts during the renewal period, which would start with 2017 taxes paid in 2018. Based taxes paid in 2015, the 37% surplus would have been \$27,571 for Marshall County and Marshall County Airport. Total property valuation for Marshall County in 2014 was \$255,087,148 and Lacon TIF 1 valuation was \$6,996,062 – 2.7% of the County valuation.

TIF 1 income to Lacon has dropped 27% in the last 4 years due to valuation reduction.

Considerations

- Two sources of major sales tax income for the City & County that was supported by Lacon TIF benefits was Dollar General and BP gas station. Both locations are locally owned and would not have been built without TIF benefits
- TIF 1 helped 30 public & private entities that have added property value
- Over \$2.8 million has been paid in TIF 1 benefits to private and public entities
- We still have \$1.8 million in TIF approved expenses payable to Developers within TIF 1
- Cost of Woolen Mill & River Front expense & improvement \$1.2 million
- Cost of Water & Sewer expansion & improvements \$1.4 million
- Cost of Streets & sidewalks expansion & improvements \$1.4 million
- TIF 1 is very critical to Lacon as it connects all of our other TIF Districts and allows the same economic development within all TIF Districts
- Renewal will allow the continued development of our downtown area, which will provide sales tax revenue to the County
- This will be the only Economic Development tool available to the City and County if the Enterprise Zone is lost

Currently Lacon Provides to the County

- Pays monthly \$208 for police dispatching services and \$100 for Recycling Center
- Records and issues all first original Birth and Death Certificates for Marshall County
- Provides Marshall County Airport unlimited water for \$50.00/month as the water line is not metered
- Covers police calls for the County when they are not able to respond.

Summary of some of the past Governmental Projects

- Midland School \$1,500,000 Refund to school of the TIF tax reduction
- Paving of 9th Street to the Recycling Center \$80,000
- Lacon Library \$4451 Computers
- Lacon Township \$10,000
- Lacon Sparland Fire District
 - \$25,000 Land for new fire house
 - \$8,000 new fire hose
 - \$15,000 new air packs
- American Legion \$19,415 various projects
- Community Center \$10,318 Generator, doors & gutters
- Downtown Face Lift \$86,127 Improve building fronts in downtown area
- Purchase of Property
 - 316 S Main Street Condemned/Abandoned property \$18,000
 - 413 7th Street Condemned/Abandoned property \$19,000
 - Industrial Park \$200,000

Future Lacon TIF Projects

- Economic development within downtown and industrial park area
 - o Expansion and Renovation of existing Business District
 - Street Scape Project when state IDOT funding available
 - o Store Front Project
- Help fund development of old mill property
- Flood Control at Sewer Plant and Water Wells
- Upgrade sewer plant equipment
- Upgrade street lights to LED
- Replace aging city siren system one tower not working now
- Add handicapped access to second floor of City Hall to allow usage for public events
- Provide infrastructure of potential new grade school
- Senior Housing

Benefits

- Increase business within the City
- More business increases Sales Tax
- Property values increase
- More incentive for people to live in Lacon

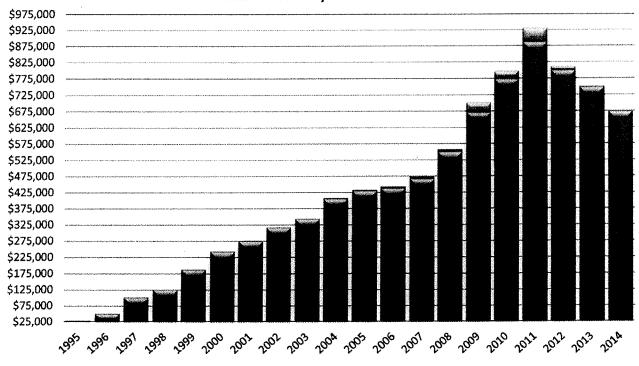

Ronald Schoof – City of Lacon Mayor
