

Request for County Aid for Township Drainage Structure

Township	Saratoga
Co. Aid Project	1001
Structure #	062-5102
Section #16-10118-00-SP	

The undersigned Commissioner of Highways of Saratoga Road District in Marshall County, Illinois, hereby petitions you for aid as provided for in Chapter 605, Section 5/5-501, of the Illinois Compiled Statutes, for an appropriation from the County Board Bridge Fund in the County Treasury, a sum sufficient to meet one-half the expense required on the condition that said Road District shall furnish the other one-half of the required amount.

The existing bridge, known as Rickey Bridge over an unnamed tributary of Senachwine Cr. is very narrow and a safety hazard. A Federal Safety Grant in the amount of \$45,000 has been received and will be applied to its replacement with double metal pipe arch culverts.

The total cost of said work will be approximately \$115,000, thereby costing the County 50% of the net cost or approximately \$35,000.00.

Location Map SN062-5102

I, Dennis Pyles, Commissioner of Highways for Saratoga Road District, further certify that the present structure is inadequate and that the proposed work is necessary, and that the estimated cost of the project is more than 0.02% of the equalized assessed valuation of the Township; and that they tax levy for road purposes in this Road District was, in each of the last two years, not less than the maximum allowable rate provided for in Chapter 605, Section 5/6-501 of the Illinois Compiled Statutes.

Dennis M. Pyles

 Highway Commissioner

Approved by the County Board of
 Marshall County, Illinois at its
 regular meeting held in Lacon, Illinois
 on March 9 2017

Bill M. Piper

 Marshall County Clerk
