

MARSHALL COUNTY BOARD ORDINANCE

#17-69

WHEREAS, effective June 9, 2000, the provisions of Senate Bill 1582 at 55 ILCS 5/3-5018 amending the Recorder's Imaging Fee, authorized the County Recorder, with the approval from the County Board to establish an additional charge up to \$3.00 for the filing of every instrument, paper, or notice for record; and

WHEREAS, 55 ILCS 5/3-5018 provides that the fees collected shall be deposited into a special fund set up by the Treasurer of the County, as authorized pursuant to 55 ILCS 5/3-5018 and shall be used solely for the equipment, materials, and necessary expenses incurred in implementing and maintaining a GIS; and \$1.00 of the \$3.00 shall be deposited into the recorder's special funds created under Section 3-5005.4 which may be used to defray the cost of implementing or maintaining the County's GIS; and

WHEREAS, pursuant to 55 ILCS 5/3-5018, allows the County Board to increase the fees allowed in that Section and collect the increased fees from all persons and entities other than officers, agencies, departments and other instrumentalities of the State if the increase is justified by an acceptable cost study showing that the fees allowed in the Section are not sufficient to cover the costs of providing the service, and that any such supporting documents shall be public record and subject to public examination and audit, and;

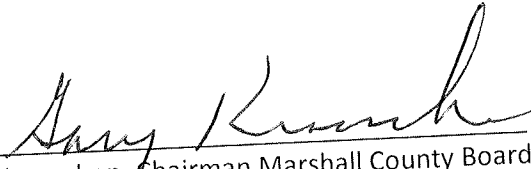

WHEREAS, the County Board of Marshall County, Illinois, has completed a study of the direct and indirect costs associated with the development and maintenance of GIS in Marshall County and the conclusion shows that the fee should be increased to cover such costs, and;

WHEREAS, the current fee is \$17.00, and;

WHEREAS, Marshall County has determined that increasing the fee in the amount of \$19.00 (Nineteen Dollars) is necessary to cover the cost of providing the GIS system, and that the increase is justified by an acceptable cost study showing the same.

NOW, THEREFORE, BE IT ORDAINED, by the County Board of Marshall County, that effective December 1, 2017, the fees of \$17.00 will be increased by \$19.00 for a total to be charged of \$36.00 for the filing of every instrument, paper, or notice for record; and that such fees collected shall be disbursed according to the law for advancement of the County-Wide GIS System.

PASSED THIS 14<sup>TH</sup> DAY OF SEPTEMBER, 2017.

The purpose of the GIS (geographic information system) Cost Study is to illustrate all direct and indirect costs associated with the Marshall County GIS to determine if there is a need to increase recording fees to defray these costs.

Pursuant to 55 ILCS 5/3-5018 (attached), the County Board may, by ordinance, increase the fees allowed by this Section and collect such increased fees from all persons and entities other than officers, agencies, departments, and other instrumentalities of the State if the increased fee is justified by an acceptable cost study showing that the fees allowed by this Section are not sufficient to cover the cost of providing the service.

The most recent aerial photos of the County were taken in 2003. Numerous changes have occurred since the last flight including new residential construction, commercial developments and road dedications. Advancements in technology now provide for the analysis and comparison of improvements from one aerial flight to the next. The detection of new construction and changes to building footprints which may be missed during field work can have a significant impact on the tax base. Regularly scheduled flights are necessary for aerial data comparisons to be implemented. The revenue stream must build a reserve to allow for the costs associated with maintaining aerial photos.

The demand for online access to GIS data has increased significantly in recent years. County departments such as Zoning and 911 rely on current GIS maps as do township assessors, utility companies and real estate agencies. GIS data can now be linked to the property tax website for a quick reference to a parcel's aerial view. With the shift to a completely computerized mapping system, the revenue base must cover the cost to maintain and update the system's hardware and software.

The GIS fund provides a revenue stream to cover all the costs associated with maintenance of a countywide GIS. State statute provides for the increase of recording fees to cover costs associated with the service. Fluctuations in the economy have affected the number of documents recorded thereby affecting the projected revenues. Previous cost studies have based revenue on 3,500 recorded documents per year which would generate \$56,000 annually at the current fee of \$16. The average number of documents recorded the past three years has declined to 2,200 on average and now generates closer to \$35,200 annually. At this rate, the reserve funds needed for future aerial flights and system upgrades are being depleted.

The cost study examines the proposed GIS fees and expenses, including new aerial photos and the addition of a GIS website, for the next five years. By increasing the fee:

- \$20 would generate \$44,000 annually
- \$25 would generate \$55,000 annually
- \$30 would generate \$66,000 annually
- \$35 would generate \$77,000 annually

At the current fee of \$16, the fund is depleting even without any upgrades or additions to the system. Increasing the fee to \$20 still leaves the fund with a deficit each year. GIS fees of \$25 and \$30 do not provide the funds necessary for a new aerial flight. A GIS fee of \$35 generates the funds needed for continued mapping updates and aerial flights as well as the addition of a GIS website. The cost study of the direct and indirect costs associated with the improvement and maintenance of the GIS in Marshall County shows that the fee should be increased to cover such costs.

(55 ILCS 5/3-5018) (from Ch. 34, par. 3-5018)

Sec. 3-5018. Fees. The recorder elected as provided for in this Division shall receive such fees as are or may be provided for him or her by law, in case of provision therefor: otherwise he or she shall receive the same fees as are or may be provided in this Section, except when increased by county ordinance pursuant to the provisions of this Section, to be paid to the county clerk for his or her services in the office of recorder for like services.

For recording deeds or other instruments, \$12 for the first 4 pages thereof, plus \$1 for each additional page thereof, plus \$1 for each additional document number therein noted. The aggregate minimum fee for recording any one instrument shall not be less than \$12.

For recording deeds or other instruments wherein the premises affected thereby are referred to by document number and not by legal description, a fee of \$1 in addition to that hereinabove referred to for each document number therein noted.

For recording assignments of mortgages, leases or liens, \$12 for the first 4 pages thereof, plus \$1 for each additional page thereof. However, except for leases and liens pertaining to oil, gas and other minerals, whenever a mortgage, lease or lien assignment assigns more than one mortgage, lease or lien document, a \$7 fee shall be charged for the recording of each such mortgage, lease or lien document after the first one.

For recording any document that affects an interest in real property other than documents which solely affect or relate to an easement for water, sewer, electricity, gas, telephone or other public service, the recorder shall charge a fee of \$1 per document to all filers of documents not filed by any State agency, any unit of local government, or any school district. Fifty cents of the \$1 fee hereby established shall be deposited into the County General Revenue Fund. The remaining \$0.50 shall be deposited into the Recorder's Automation Fund and may not be appropriated or expended for any other purpose. The additional amounts available to the recorder for expenditure from the Recorder's Automation Fund shall not offset or reduce any other county appropriations or funding for the office of the recorder.

For recording maps or plats of additions or subdivisions approved by the county or municipality (including the spreading of the same of record in map case or other proper books) or plats of condominiums, \$50 for the first page, plus \$1 for each additional page thereof except that in the case of recording a single page, legal size 8 1/2 x 14, plat of survey in which there are no more than two lots or parcels of land, the fee shall be \$12. In each county where such maps or plats are to be recorded, the recorder may require the same to be accompanied by such number of exact, true and legible copies thereof as the recorder deems necessary for the efficient conduct and operation of his or her office.

For non-certified copies of records, an amount not to exceed one-half of the amount provided in this Section for certified copies, according to a standard scale of fees, established by county ordinance and made public. The

provisions of this paragraph shall not be applicable to any person or entity who obtains non-certified copies of records in the following manner: (i) in bulk for all documents recorded on any given day in an electronic or paper format for a negotiated amount less than the amount provided for in this paragraph for non-certified copies, (ii) under a contractual relationship with the recorder for a negotiated amount less than the amount provided for in this paragraph for non-certified copies, or (iii) by means of Internet access pursuant to Section 5-1106.1.

For certified copies of records, the same fees as for recording, but in no case shall the fee for a certified copy of a map or plat of an addition, subdivision or otherwise exceed \$10.

Each certificate of such recorder of the recording of the deed or other writing and of the date of recording the same signed by such recorder, shall be sufficient evidence of the recording thereof, and such certificate including the indexing of record, shall be furnished upon the payment of the fee for recording the instrument, and no additional fee shall be allowed for the certificate or indexing.

The recorder shall charge an additional fee, in an amount equal to the fee otherwise provided by law, for recording a document (other than a document filed under the Plat Act or the Uniform Commercial Code) that does not conform to the following standards:

(1) The document shall consist of one or more individual sheets measuring 8.5 inches by 11 inches, not permanently bound and not a continuous form. Graphic displays accompanying a document to be recorded that measure up to 11 inches by 17 inches shall be recorded without charging an additional fee.

(2) The document shall be legibly printed in black ink, by hand, type, or computer. Signatures and dates may be in contrasting colors if they will reproduce clearly.

(3) The document shall be on white paper of not less than 20-pound weight and shall have a clean margin of at least one-half inch on the top, the bottom, and each side. Margins may be used for non-essential notations that will not affect the validity of the document, including but not limited to form numbers, page numbers, and customer notations.

(4) The first page of the document shall contain a blank space, measuring at least 3 inches by 5 inches, from the upper right corner.

(5) The document shall not have any attachment stapled or otherwise affixed to any page.

A document that does not conform to these standards shall not be recorded except upon payment of the additional fee required under this paragraph. This paragraph, as amended by this amendatory Act of 1995, applies only to documents dated after the effective date of this amendatory Act of 1995.

The county board of any county may provide for an additional charge of \$3 for filing every instrument, paper, or notice for record, (1) in order to defray the cost of converting the county recorder's document storage system to computers or micrographics and (2) in order to defray the cost

of providing access to records through the global information system known as the Internet.

A special fund shall be set up by the treasurer of the county and such funds collected pursuant to Public Act 83-1321 shall be used (1) for a document storage system to provide the equipment, materials and necessary expenses incurred to help defray the costs of implementing and maintaining such a document records system and (2) for a system to provide electronic access to those records.

The county board of any county that provides and maintains a countywide map through a Geographic Information System (GIS) may provide for an additional charge of \$3 for filing every instrument, paper, or notice for record (1) in order to defray the cost of implementing or maintaining the county's Geographic Information System and (2) in order to defray the cost of providing electronic or automated access to the county's Geographic Information System or property records. Of that amount, \$2 must be deposited into a special fund set up by the treasurer of the county, and any moneys collected pursuant to this amendatory Act of the 91st General Assembly and deposited into that fund must be used solely for the equipment, materials, and necessary expenses incurred in implementing and maintaining a Geographic Information System and in order to defray the cost of providing electronic access to the county's Geographic Information System records. The remaining \$1 must be deposited into the recorder's special funds created under Section 3-5005.4. The recorder may, in his or her discretion, use moneys in the funds created under Section 3-5005.4 to defray the cost of implementing or maintaining the county's Geographic Information System and to defray the cost of providing electronic access to the county's Geographic Information System records.

The recorder shall collect a \$9 Rental Housing Support Program State surcharge for the recordation of any real estate-related document. Payment of the Rental Housing Support Program State surcharge shall be evidenced by a receipt that shall be marked upon or otherwise affixed to the real estate-related document by the recorder. The form of this receipt shall be prescribed by the Department of Revenue and the receipts shall be issued by the Department of Revenue to each county recorder.

The recorder shall not collect the Rental Housing Support Program State surcharge from any State agency, any unit of local government or any school district.

On the 15th day of each month, each county recorder shall report to the Department of Revenue, on a form prescribed by the Department, the number of real estate-related documents recorded for which the Rental Housing Support Program State surcharge was collected. Each recorder shall submit \$9 of each surcharge collected in the preceding month to the Department of Revenue and the Department shall deposit these amounts in the Rental Housing Support Program Fund. Subject to appropriation, amounts in the Fund may be expended only for the purpose of funding and administering the Rental Housing Support Program.

For purposes of this Section, "real estate-related document" means that term as it is defined in Section 7 of the

Rental Housing Support Program Act.

The foregoing fees allowed by this Section are the maximum fees that may be collected from any officer, agency, department or other instrumentality of the State. The county board may, however, by ordinance, increase the fees allowed by this Section and collect such increased fees from all persons and entities other than officers, agencies, departments and other instrumentalities of the State if the increase is justified by an acceptable cost study showing that the fees allowed by this Section are not sufficient to cover the cost of providing the service. Regardless of any other provision in this Section, the maximum fee that may be collected from the Department of Revenue for filing or indexing a lien, certificate of lien release or subordination, or any other type of notice or other documentation affecting or concerning a lien is \$5. Regardless of any other provision in this Section, the maximum fee that may be collected from the Department of Revenue for indexing each additional name in excess of one for any lien, certificate of lien release or subordination, or any other type of notice or other documentation affecting or concerning a lien is \$1.

A statement of the costs of providing each service, program and activity shall be prepared by the county board. All supporting documents shall be public record and subject to public examination and audit. All direct and indirect costs, as defined in the United States Office of Management and Budget Circular A-87, may be included in the determination of the costs of each service, program and activity.
