Request for County Aid for Township Drainage Structure

Township Steuben  
Co. Aid Project 1102  
Structure # 062-5042

The undersigned Commissioner of Highways of Steuben Road District in Marshall County, Illinois, hereby petitions you for aid as provided for in Chapter 605, Section 5/5-501, of the Illinois Compiled Statutes, for an appropriation from the County Board Bridge Fund in the County Treasury, a sum sufficient to meet one-half the expense required on the condition that said Road District shall furnish the other one-half of the required amount.

The double barrel culverts draining a 2.6 square mile watershed for an unnamed tributary of the Illinois River require replacment. The crossing is on County Road 900E (TR 34) 4,000 feet north of County Road 800N in Section 3.

The total cost of said work will be approximately \$120,000, thereby costing the County approximately \$60,000.

I, Jeff Davis, Commissioner of Highways for Steuben Road District, further certify that the present structure is inadequate and that the proposed work is necessary, and that the estimated cost of the project is more than 0.02% of the equalized assessed valuation of the Township; and that they tax levy for road purposes in this Road District was, in each of the last two years, not less than the maximum allowable rate provided for in Chapter 605, Section 5/6-501 of the Illinois Compiled Statutes.

Highway Commissioner

Approved by the County Board of  
Marshall County, Illinois at its  
regular meeting held in Lacon, Illinois  
on December 9, 2021.
